ENVIRONMENTAL POLICY

At Thamoema Investments Ltd, we are committed to a long-term sustainable approach to caring for and safeguarding the environment. Specifically, "sustainability" means that we constantly endeavour to balance environmental considerations and social responsibility with our business goals. As a result, we strive to evolve and implement our Corporate Environmental Policy – in addition to complying with environmental laws and regulations. Over the long-run, only a sustainable approach will benefit the consumers, customers, shareholders, associates and communities we serve by both meeting our business goals and protecting and improving the quality of the environment in which we all live.

HEALTH AND SAFETY

Thamoema Investments' health and safety commitment goes far beyond regulatory compliance and good business practice; it's an integral element of our core values. We subscribe to the belief that accident prevention has much value as quality, morale, production, costs etc. Thamoema Investments' dominant safety philosophy continues to: encourage employees to protect and support each other within the work environment; promotes a culture of health and safety; complies with regulatory standards; continually enforces health and safety measures; promotes employee and employer participation in health and safety; regulates employer and employee responsibilities in identifying and averting risk; and entrenches the right to refuse to work in hazardous conditions.
